

Celebrating the Past... Preparing for the Future!

Since 1943, Jewish Family Service (JFS) has responded to the constantly changing challenges and stresses of everyday life. **The agency specializes in:**

Aging and Caregiver Services • Vital Support Services • Youth and Family Services

To ensure the agency addresses the community's highest priorities and most urgent human service needs, the Board of Directors has launched a strategic planning initiative to chart our future. A new, three-year plan will be rolled-out in September. Along the way, it will include an in-depth review of our current work, strengths, and opportunities to grow. Input from our professional team, partners, clients, community members, and Jewish community leadership is crucial.

Our Vision

To lead the way to a Jewish community where everyone lives with dignity, security, and hope.

Our Mission

Jewish Family Service strengthens lives and our community by providing professional social services to families and individuals in times of need.

We invite you to help us with your input and ideas!

Here are ways your voice can be heard:

- 1. Planning Ambassador:** Please share information about our strategic planning process with key stakeholders. Help us solicit community input.
- 2. Promote Our Community Conversations:** These events will be informal, group discussions about JFS' current work and future opportunities. You will receive an email invitation soon or see them promoted through our newsletters and a press release.
- 3. Complete the JFS survey:** In April, this six question, anonymous survey will be emailed to you. Please feel free to share it and encourage others to contribute their thoughts.
